

Weekly Class Newsletter

December 13, 2016

Welcome back everyone!

As we close out another quarter for the next 13 days, we will focus on area and perimeter with missing sides in mathematics then finish our focus on graphing.

In reading we will move forward into fables and focus on lessons, morals, myths, and how characters change in those stories.

We do have the holiday party coming up as well as Electronics day this month! So exciting and looking forward to them both! I have attached information about the party and electronics day in the email with this newsletter. Thank you!

Our Schedule

8:45-9:15: Morning work

9:15-9:30: Morning meeting

9:30-10:30: Math
